- I-295 southbound exit ramp to Suitland Parkway / US Naval Station (Exit 4A)
- I-295 northbound entrance ramp to westbound Suitland Parkway, EB (Exit 3B) (*January 10 through January 13*)
- Ramp E from MLK Jr. Ave. to I-295 Northbound (*January 6 – January 11*)

The following lane and shoulder closures may be in place **during the weekend from 9:00 pm, Friday night, January 10, 2020 through 5:00 am, Monday morning, January 13, 2020**, weather permitting.

- I-295 southbound up to two left or right lanes between I-695 (Exits 1B-C) and South Capitol Street / Malcolm X Avenue / JBAB (Exit 2)
- DC-295 / I-295 northbound up to two left or right lanes between I-695 (Exits 1B-C) and South Capitol Street / Malcolm X Avenue / JBAB (Exit 2)
- South Capitol Street, SE/SW up to two left or right lanes between Firth Sterling Avenue, SE and N Street, SE.
- South Capitol Street, SE/SW southbound full closure between Firth Sterling Avenue, SE and Suitland Parkway, SW (*Saturday, 4:00AM to 9:00 PM*). *Signed detour will be in place for closure.*
- I-295 northbound off-ramp closure to westbound Suitland Parkway, SE (Exit 3B). *Signed detour will be in place for closure.*

The following lane, and shoulder closures may be in place **during the weekend from 4:45 am, Saturday morning, January 11, 2020 through 4:45 am, Sunday morning, January 12, 2020**, weather permitting.

- I-295 northbound single left or right lane between Laboratory Road / US Naval Research Lab (Exit 1) and Suitland Parkway / JBAB (Exit 3A).
- I-295 southbound single left or right lane between Suitland Parkway / JBAB (Exit 3A) and Laboratory Road / US Naval Research Lab (Exit 1).

The following lane, and ramp closures may be in place **daily from 10:00 am, Monday morning, January 6, 2020 through 4:00 am, Saturday, January 11, 2020**, weather permitting.

- I-295 northbound single left or right lane from Laboratory Road / US Naval Research Lab (Exit 1) to Suitland Parkway / JBAB (Exit 3A).

The following lane, and ramp closures may be in place **daily from 7:00 am, Monday morning, January 6, 2020 through 12:00 pm, Saturday, January 11, 2020**, weather permitting.

- I-295 southbound single left or right lane from Malcolm X Ave. to Laboratory Road/US Naval Research Lab (Exit 1).

These closures are required for construction activities associated with the following DDOT projects:

### **South Capitol Street Corridor Project - Frederick Douglass Memorial Bridge**

The South Capitol Street Corridor Project calls for replacing the Frederick Douglass Memorial Bridge and transforming related sections of the urban freeway into a beautiful scenic boulevard that increases pedestrian and vehicular safety, improves multimodal transportation options, increases community accessibility and supports economic development on both sides of the Anacostia River.

### **I-295 / Malcolm X Avenue SE Interchange Improvement Project**

The multiple phases of this project include the reconstruction of the I-295 interchange with Malcolm X Avenue SE, including modified ramps and a new access roadway to the St. Elizabeth's West Campus. The planned improvements will be made between Firth Sterling Avenue SE, on the north, and the South Capitol Street/Martin Luther King, Jr. Avenue SE intersection to the south. The project will provide transportation improvements to serve the proposed Department of Homeland Security headquarters consolidation on the St. Elizabeth's West Campus.

### **Rehabilitation of Anacostia Freeway Bridges over Nicholson St, SE**

The District Department of Transportation project to rehabilitate the Anacostia Freeway bridges over Nicholson St, SE is part of DDOT's ongoing commitment to safety. The rehabilitation project will focus on reconstruction of the bridge deck and adjoining ramps to address deteriorating structural elements, ensuring that each bridge remains a reliable part of our infrastructure.

### **Rehabilitation of East Capitol Street Bridge over Anacostia River Project**

The Rehabilitation of the East Capitol Street Bridge (also known as the Whitney Young Jr. Memorial Bridge) over the Anacostia River includes improvements to the substructure and superstructure of the bridge as well as pedestrian improvements, including the construction of a trail connection to provide direct access from the bridge to the Anacostia Riverwalk Trail. The bridge was originally constructed in 1955, and repairs are needed to the bridge deck, concrete abutments and steel girder system.

### **Rehabilitation of Anacostia Freeway Bridges over South Capitol Street SE Project**

Anacostia Freeway Bridges over South Capitol Street SE consist of a pair of one-way bridges built in 1963 and located on northbound and southbound I-295 over South Capitol Street in southeast Washington, DC. This bridge rehabilitation project will eliminate deficiencies, increase safety for the traveling public and enhance the durability of the bridge structures including the replacement of the super structure, the repair of the sub-structure, the addition of new under-bridge lighting for improved visibility and safety, new pavement and asphalt overlay within the project limits and new paint for the existing bridge.

Motorists are urged to use caution as they travel in these areas, to anticipate moderate delays, and to be mindful of construction personnel.
